Walscott Orchard Reveals Bounteous Crop

The growing of apples in Southern Alberta has passed the experimental stage, until now both the apple and the crab apple are successfully produced to make it commercially profitable. This fact has been proved by the many trees bearing fruit within the city limits of Raymond during the last few years.

And while local citizens are justly proud of its pioneers whose faith and confidence in the possibilities of growing fruit is now reflected in the actual apple crops grown in Raymond gardens, there is one outstanding achievement along the same line that is indeed very commendable, and which is not only a surprise to many, but has no doubt been overlooked, and that is the orchard of fine apples grown on the farm of the late E. P. Walscott, which is located about three miles south of Raymond and alongside the Magrath road.

Tree Laden

This orchard has some 25 trees whose laden branches are drooping to the ground with some of the best apples and crabs seen in any local orchard, which indeed might justly arouse the envy of B.C. producers.

The fact that the fruit-bearing trees are surrounded by a windbreak of large willows and other trees has concealed from those passing, the beautiful picture nature has produced by the apples of many colors. And while the yellow apples and crabs are perhaps a favorite color chosen by many, yet it takes the bright red varieties which are so numerous on the trees of the Walscott farm to make a pretty and impressive scene which certainly is pleasing and delightful. It is because of this that the growers have been quite reluctant in picking the fruit.

Late Fall Variety

The apple, the variety of which is not known by the present tenant of the place, resembles the B.C. Winesap but the texture and flavor is quite similar to the Wealthy, and is a late variety. There are many apple trees of this same variety that are producing very heavily.

The crabapple trees, however, consist of several varieties, whose names one can easily recognize. These consist of the Transcendent, Hyslop and Strawberry, etc.

The Walscott farm, which is now owned by Miss E. Walscott, sister of the deceased farmer, consists of over 1,000 acres of some very choice land. The farm, with its fine, modern \$20,000 home, is perhaps one of the most ideal in this district, which not only indicates prosperity, but thoroughness and skill in its entire arrangement.

Besides the orchard, there is a natural windbreak of many trees on the north and west, and it is far enough from the residence to permit a driveway around the house for cars.

This farm has always been in the lead as a heavy wheat producer, with returns this year being above the average, which is over 20 bushels on more than 500 acres. Some of the fields are even exceeding the 40 bushel mark this fall.

The splendid display of products from this orchard, in the window of the Raymond Mercantile this week, is certainly proof enough of the qualities of the trees. See the different varieties shown there.

Subscribe to the "Recorder."

Miss Helen O'Brien and Evans Sabey of Magrath surprised their many friends last week by a quiet wedding in Lethbridge, with Bishop Smith officiating. For the present they are making their home in Raymond.

During the past week the Canadian Utilities, Ltd., have done a great deal of repairing and changing in the wiring about town. Friday they were working on the block where our shop is and it was our misfortune to have the power off part of the day. We were late and in order not to be later we had to run off without correcting some of our mistakes. We hope we may be pardoned for this time. It was not altogether our fault.

Life's Meaning

It's a mighty good thing while you're running life's race, Just to pause, as you go, and come face to face

With your conscience, and ask it a question or two.

For its right you should know what your life means to you, Have you done things worth while have you drifted along,

Have you lifted it with sighs, have you lifted it with song, Have you helped when you should, have you tried to do right,

Have you struggled for good, or just for your night? Have you given your hand to some fellow in need,

Have you cheered at the man who was not of your creed, Have you been open hearted and ready to do,

Have you tried to be just, have you tried to be true?

Oh, its easy to preach and its easy to tell Of the other chaps faults-but your own faults ah, well,

We are cowards at times, and the truth you will find, It's a thing we dislike, for it's rather unkind.

But the past let it rest, give a thought of today, And tomorrow, as well, for the time's growing gray;

Do the things that you should, the best you know how, Crown your life with your deed-be a red-blooded man.

The above poem came to our desk in a letter from Elder Karl A. Dahl who is laboring in Minneapolis, Minn. Dahl is getting his paper and appreciates the local news it contains. We are printing the poem as it contains something for all of us to think about. Karl also has the "Home-Town" paper doing missionary work among his companions.

First Ward Choir Party

A very enjoyable party was staged at the High School on Friday evening last under the auspices of the First Ward Choir. It was in the nature of an attendance party with a view to getting better attendance and more interest in Choir work.

After the majority of the crowd had assembled, the attendance being somewhat disappointing, an excellent practice was conducted for a little while on new numbers, after which the following program was rendered: Talk—Mrs. O. H. Snow.

Solo—Mrs. Watson, which was greatly appreciated. Piano Selection—Mrs. Tolstrup, his won loud applause.

Comic Song—Mrs. W. H. Zobeile her spice of the evening. Talk in Spanish—Bro. Meldrum.

Song—T. Geo. Wood, this brought down the house. Refreshments were served and games played until 11 p.m., when the party dismissed, and everybody went home feeling well repaid for having come present, and determined to put their work over better from now on.

Improvement in Light Service

During the past three weeks, the Canadian Utilities, Ltd., has had a crew of men busy, completely rebuilding the power and light line from the Town Hall to the Capitol Theatre.

This work has involved an expenditure of about \$3,000 and has consisted of installing new transformers, changing the system from a two to a three wire system and installing new poles. The voltage has not been increased by this change, but the three wire system will keep the voltage up to nearer its rated capacity. We are also informed by Mr. Tolstrup that the whole town system will be done next spring.

Mr. R. W. Tolstrup has been supervising the work and Mr. A. C. Rolie, Edmonton, has been foreman, with Mr. Linkus, G. D. O'Brien and Elwyn Tolstrup assisting.

The Canadian Utilities are to be complimented for their enterprise in thus improving their already very satisfactory service.

News Notes

Frank Quinton made a trip to Glenwood and Cardston over Sunday.

Dr. V. V. Christleif Cardston was a Raymond visitor on Friday last week.

Mr. and Mrs. S. I. May and family spent Sunday in Cardston with relatives.

The third night's showing of "The Broadway Melody" was greeted with a full house.

Leonard H. Ellis of the International News Syndicate, was a Raymond visitor on Friday of last week.

The first cars of Feeder Cattle to arrive in the district this fall under the "Better Beef" campaign, were brought in by I. B. Roberts.

J. E. Frodsham and wife of Spokane, Wash., were Raymond visitors Friday and Tuesday at the home of Mr. and Mrs. W. A. Keith.

Miss Helen Harding and Jesse Wood were married in the Cardston temple on Wednesday of last week by Pres. E. W. Jacobs.

The ten run rally in the lucky seven at Shibe Park, Philadelphia, on Saturday wrote another chapter in the history of world's series ball games. It sounded like a local game.

Miss Vera Terry and Mr. Walfrid married two weeks ago in Lethbridge by Rev. Marion. Where the young couple will make their home, Mr. Walfrid being on the I. H. C. Staff.

If people have the idea that a butcher shop window cannot be attractively decorated, We would have led you to have seen the window of the Economy Market last Friday evening. It would surely make one meat hungry.

Mrs. W. A. Keith has been enjoying a visit for the past ten days from her mother, Mrs. P. M. Frodsham of Brigham City, Utah. They were in Cardston on Sunday calling on old acquaintances there.

Miss Elaine Peck, daughter of Mr. and Mrs. L. L. Peck, won the Governor-General's medal for the Lethbridge Inspectorate for the high average in Department Examinations. Miss Peck wrote Grade 8 and we congratulate her on her excellent showing. Miss Mabel S. Ethridge was her teacher.

Southern Alberta scored again when the Riedel Horey Co. of Taber received the order from the C. P. R. for 70 doz. special packages of honey or use in the hotels and diners of his great company. Come on Sunny Southern Alberta.

Wm. Hagne's chicken house was entirely destroyed Saturday afternoon and only the quick response of the Raymond Fire Brigade saved the barn. The boys had cleaned the litter out of the coop and set fire to it too close to the building which took fire.

Over 80 cars were parked on Broadway Monday night. Many people from outside points were here to see the "Broadway Melody." We are glad to know they were not disappointed as it was certainly a superb production and is a distinct credit to "Leo" the Capitol's genial manager.

Connie Mack, 67 year old pilot of the Philadelphia Athletics realized a life-long dream and hung up a world's record of winning four world's championships. John J. McGraw of the New York Giants, and the late Miller Huggins of the New York Yankees have won three each.

In the Novice runners in the Five mile Marathon at Calgary last Saturday afternoon, W. J. VanOrman of the Raymond A. A. A. came first, and won the D. E. Black Trophy. This does not mean that Welburn was first in the field, but he finished first in the novices who took part in the grind, and was fifth man to cross the tape. Good boy, Welburn, Raymond is proud of you.

Business Girls Score Again

The "Butterfly Ball" given by the Raymond Business Girls, Saturday night, October 12th, in the Opera House, was an outstanding social event of the year. This has become an annual affair with the Business Girls of the town, and this year's evening was up to the high standard of the previous years.

The hall was beautifully decorated for the evening and tiny butterflies of various colors were given to the guests. The orchestra from Lethbridge played up some real snappy music and the fun of the evening never lagged.

People were present from all over the south end of the Province, and between 65 and 70 cars were parked in front of the Opera House while the dance was in progress. The big floor and it is a big one was packed for every dance and then numbers standing on the sides.

The girls are certainly to be congratulated on the class of dance they put on and no doubt some other club, etc., would like to get a page out of their book to know how it is done.

Magrath Man Will Preside Over Mission

Z. L. WOOLF BECOMES NEW HEAD OF L. D. S. MISSION WORK IN FRANCE

G. L. Woolf principal of the Magrath Schools and president of the second ward Y. M. M. I. A., has been called to preside over the French Mission of the Church of Jesus Christ of Latter-Day Saints. He has accepted the call and as soon as a successor can be found and he arranges his business affairs, he and his family will proceed to Europe. The call came from President Heber J. Grant.

Elder Woolf has been active in church and community affairs for many years and his departure will be regretted, although the honor conferred upon him by the general authorities of the church is appreciated by his many friends. In 1911 to 1914 he was a missionary in France, spending eight months in Paris. Paris will be his headquarters and he will have charge of all missionary activities in France. He will be abroad not less than three years, probably longer.

The new mission head is a son of the late Martin Woolf of Cardston for a number years member of the legislature for the Cardston riding. He was reared and educated in Alberta and has achieved outstanding success in the educational profession. He has a thorough command of the French language. — Lethbridge Herald.

Local Happenings

Mr. and Mrs. Zabriskie entertained at bridge Tuesday evening, in commemoration of their ninth wedding anniversary.

We can give you the Western Home Monthly, a good farm paper, and the Raymond Recorder, for \$2.50 per year.

E. J. Anderson, D. Sc., Eyesight Specialist, will make his regular visit to Raymond, at the home Mrs. Corless on Friday, October 18th.

A big Armistice Ball is being held Monday evening, Nov. 11. Watch for details and reserve this date for a big time.

Bargains! I should say. The Raymond Recorder, and the Western Home Monthly, for \$2.50 per year. Act quick and get this farm paper in your home.

The products of the Western Bakery, Ltd., Lethbridge, will be sold under the name of the firm, as "Western Bread," "Western Cakes," etc. "Blue Bonnet" has been the name.

Golf Tournament

Weather conditions were ideal last week-end, when local golfers gathered at the course to take part in the second tournament of Sugar City Golf Club, and also to witness the final game in the Ladies Singles played by Mrs. Leech and Mrs. Hodge. Both of these players were on the links at an early hour, eager to start. Mrs. Leech was the champion, by winning the first hole, halving the second, winning the third, halving the fourth and winning the fifth. Throughout the game she played consistent golf and at no time was in danger. We have seen Mrs. Hodge play much better golf, but being often excitable nature possibly the spirit of competition unfeathered her.

The second tournament was a Mixed Two-ball Four-ball, Lady and Gentleman, against lady and gentleman, with alternating strokes. Sixteen contestants competed. In the first game Mrs. Morrison and Mr. Hodge defeated Mrs. Zabriskie and Miss Anderson, five holes to one. Mrs. Morrison, new player in Raymond, demonstrated her ability to hit and place her ball, with precision. Mrs. Stewart and Mr. Gatz won from their opponents, Miss Peterson and Mr. Zabriskie, by one hole, in a very close game. In the afternoon Mrs. Gatz and Stewart Card beat Mrs. C. C. Watson and Floyd Lamb, while Mrs. Zabriskie, substituting for Mrs. Morrison, and C. C. Watson scored a victory over Mrs. Hodge and Mr. Halpin. This brought the play to the semi-finals, when Mrs. Zabriskie and Mr. Watson won their second game by defeating Mrs. Morrison and Mr. Hodge. The feature of this game was Mrs. Hodge's long put on the fifth green to tie the game going home. The second half of the semi-finals had developed into a family affair, Gatz and Card vs. Card and Gatz, with the honors falling to Mrs. Gatz and Mr. Card. In the final game the latter players lost to Mrs. Zabriskie and Mr. Watson. Mrs. Zabriskie played a very good game throughout the tournament.

These matches are played under local ground and golf rules and while the strokes per hole show an increase in the play of the contestants has undoubtedly improved. Weather permitting, it is the intention to hold a similar tournament next week-end and all members of the Club and others who may like to play are requested to hand their names to Mr. Halpin or Mr. Watson, not later than Saturday noon, the 9th instant, to permit of the draw Saturday afternoon.

NORMA SHEARER PORTRAYS MARY DUGAN IN VIVID TALKING PICTURE

Norma Shearer steps into the great dramatic role created by Ann Harding in "The Trial of Mary Dugan," Bayard Veiller's all-talking special which comes to the Capitol Theatre as a Metro-Goldwyn-Mayer 100 per cent dialogue feature, tonight and Saturday.

The transcription into a dialogue film of the famous Bayard Veiller murder drama makes Miss Shearer's entrance into the talkie field as well as her debut in parts of declasse nature.

In assigning Miss Shearer to the forlorn role of the woman on trial for her life, M-G-M executives ended a discussion of month's duration as to the advisability of permitting her to make the radical change in her screen characterizations. With Veiller in support, however, Miss Shearer obtained the part.

"The Trial of Mary Dugan" made its first appearance in New York in 1927 with Miss Harding in the leading role. She continued in the part until the show reached Los Angeles. At present fourteen read companies are presenting the great dramatic play in foreign countries and read companies are still touring the United States with it. Veiller, author-producer of the play, personally directed the screening.

Featured in the all-star cast of the sensational play are Miss Shearer, Raymond Hackett, Lewis Stone and H. B. Warner. Included in the cast are Lilyan Tashman, Olive Tell, Mary Doran and others of note.

Pulp Ration Best In Calf Feeding Tests

That sugar beet by-product, from the basis for the cheapest and most efficient ration for fattening calves in the beet growing areas, was again demonstrated this year in the calf feeding experiments conducted by Colorado Agricultural College, under the direction of E. J. Maynard, Associate Animal Husbandman.

A standard beet by-products ration of wet beet pulp, barley, cotton cake and alfalfa resulted in the highest gain at the lowest cost. It was further demonstrated that the replacement value of wet beet pulp is substantially higher than their cost to the feeder.

Dried sugar beet tops showed a feed replacement value of \$5.41 per ton of tops fed.

It developed that river calves made cheaper and heavier gains than half bred calves. Six lots of 10 calves each were fed 293 days.

THE FEEDING VALUE OF WET BEET PULP

Twenty-one pounds of silage beet pulp fed with ground barley, cottonseed cake and alfalfa to fattening calves increased gains and reduced fattening costs.

Each ton of silage beet pulp fed in the test replaced 145.4 pounds of barley, 2.0 pounds of cottonseed cake, 280.3 pounds of alfalfa and 1.0 pound of mineral mixture, but required 9 pounds more salt.

At present feed prices the silage beet pulp handled from the factory silo and stored for a short time until fed at the college and costing \$24.7 per ton fed to the cattle had a feed replacement value of \$3.95 per ton.

Average results for tests during two years show the silage beet pulp replacing 156.4 pounds of barley, 2.4 pounds of cotton cake, and 284.1 pounds of alfalfa for each ton fed. The average replacement value a ton for the two tests was \$4.17.

THE FATTENING VALUE OF SUGAR BEET TOPS

Beet tops fed with a basal ration composed of barley, cotton cake and alfalfa produced too narrow a ration for optimum gains. Each ton of tops fed in the experiment replaced 439.4 pounds of barley, 5.5 pounds of cotton cake, 282.1 pounds of alfalfa and 2.45 pounds of mineral mixture, but required 1.7 pounds more salt. The tops showed a feed replacement value of \$7.11 per ton of tops fed.

The above information should be of interest and value to those who are considering the feeding of calves for winter employment and profit.

The figures in the above paragraphs speak for themselves, and in another table worked out by actual tests and handed to us, it was shown that where Silage Beet Pulp was used as a basic ration, with Barley, and Cottonseed Cake, the cost per 100 pounds gain at market was 7.75 as compared with 8.22, 8.39 and 8.32 with other combinations or rations with and without beet pulp and in various quantities.

We are also informed that these costs can be reduced still lower by feeding Bestalasses, of which there is always a quantity at the factory. In the contract with the Red Label Beef Breeder's Association, and those who take calves to feed, both parties are protected and their interests looked after by a committee representing both parties.

With pulp and molasses available at our door and at very reasonable rates, it should be pleasant and decidedly profitable to local farmers to take what stock their feed justifies and get into the fattening game this coming winter.

RAYMOND SCHOOL OF AGRICULTURE OPENS OCT. 29

We would draw to the attention of the young men and women of the community the announcement of the opening of the Raymond School of Agriculture, which appears in this issue. This school provides an excellent opportunity for young people to obtain a general education. The young people of this community could not possibly spend their winter months to better advantage than by securing a practical training such as is being provided at the R. S. A.

YOUR SUBSCRIPTIONS

During the past week we have received quite a number of renewal subscriptions and we appreciate this. It is our desire to work a hardship on anyone, or to withhold the paper from anyone who wants it and may not be in a position right now to pay. But if we don't hear from you how we are to know your desires. Everyone has received notice of the condition of his or her subscription, and we hope that while the matter is fresh on your mind that you will favor us with a renewal subscription or let us know whether you want the paper continued.

We are trying to make the paper better all the time and your support in the matter of subscriptions and sending in news items will be greatly appreciated.

THE SUPPLEMENT

We would like to call our readers' attention to a few facts in connection with the write-ups of Lethbridge business firms.

In the first place it is not an advertising campaign. As stated at the top of the page is a "review" of the business houses that have helped to make Lethbridge and community prosperous. It is not an invitation to spend your money out of town for the things and services that are obtained here. But in the perusal of these pages you will find a great many business houses and professional men that offer services that cannot be obtained in our own City. Naturally, we think of Lethbridge.

Now, then, the firms and institutions mentioned in these pages are all reputable and leaders in their class, so that when you need outside assistance or attention these pages will help you to obtain the best.

Where agents are located here for Lethbridge products in most cases their names are mentioned and their position enhanced by the publicity.

We would not like to have anyone get the idea that we are not for Raymond. We are, wholeheartedly, and will continue to be so, ready to boost for Raymond and her industries.

THE RAYMOND A. C.

On October 29th the Raymond School of Agriculture will open for the fall term offering courses in farm management, agriculture, animal husbandry, and household economics.

The value of these courses to the youth of the district can not be overestimated, and we fear are not appreciated by too many. It does not take much thought to see the practical benefit of his training to the prospective farmers and housewives of Alberta, and during the winter months how could time be spent to better advantage than by storing the mind with useful knowledge.

A visit to the school, seeing the work of the students themselves, and the practical training they receive. A look at the work in the Blacksmith Shop will show just how much time a student could save in his own farm work by a knowledge of welding and working with iron and steel. Usually it is not a lack of materials on the farm, but a lack of knowing how to use them that means so many trips to the Blacksmith shop during the busy season. Then take a look at the carpenter shop and see the practical demonstrations of farm building, cutting timbers for different gables, hip roofs, etc., how to brace, etc. Things so necessary for successful farm life. Look at the livestock on the grounds, feeding experiments, dairy tests etc., everything to make a good farmer better. The benefit could never be measured in dollars and cents.

In the Domestic Science room, gas jets, ovens, cupboards full of everything for the making of toothsome dishes for the table of the home. Then go into the Sewing Room and see the arrangements for the teaching of proper laundering, dress making, etc. so necessary to the successful home maker.

Besides all these, lessons are given in English, Mathematics, Science and all branches of study, and a splendid library maintained for the pleasure of the students.

The social life is not overlooked and school parties and socials add to the enjoyment and education of the students putting on the polish which puts one at ease in any kind of sociality.

Let's make this a banner year for the Raymond School of Agriculture.

Local Happenings

Mr. and Mrs. W. C. Stone were Lethbridge visitors Tuesday this week.

How do you like Southern Alberta's second summer.

C. H. Elder was in Lethbridge on Monday and took the agency for the Stewart-Warner Radio.

Dave Powelson was a passenger on Thursday's train to Lethbridge.

Beets are going into the factory in a never ending procession. Teams and trucks keep the road hot.

A car of beets was pushed over the end of the dump at the factory Wednesday night when the freight engine pushed too hard.

The factory is running around 950 tons of beets per day now and the back orders for sugar are being filled rapidly.

The players who participated in the World Series just ended, will divide \$271,660.66 on a 60-40 basis; the sixty per cent going to the Athletics, World's Champion Baseball team.

Ross R. May, of Magrath, was taken home from the city Hospital on Sunday, where he had been confined for a week with pneumonia.

Here and There

(494) Differences in the price of wheat at Chicago and Winnipeg and regarding the wheat movement in western Canada is due to the view of Canadian wheat owners that its good quality justifies holding it for higher prices while British and continental buyers believe they can obtain their present requirements from the Argentine and the United States. Is the explanation of this condition given out in a statement recently issued out is a statement of E. W. Beatty, chairman and president of the Canadian Pacific Railway and Sir Henry Thornton, president of the Canadian National Railway. Until the present impasse between buyer and seller is adjusted there will be a practical stoppage in the movement of grain with consequent serious effects on gross and net earnings of both the rail and water carriers.

Travelling 300 miles north of Edmonton over the waterways branch of the Northern Alberta Railway to Waterways and Fort McMurray, E. W. Beatty, chairman and president of the Canadian Pacific Railway, accompanied by a number of directors of the railway, inspected the salt wells and tar sand deposits of the region. Experts of the Canadian Pacific and Canadian National Railways are at present examining these deposits which Mr. Beatty said he was satisfied would be a great asset to Alberta.

Delegates from the Canadian Chambers of Commerce who have been travelling extensively in the west of Canada, mainly over Canadian Pacific lines, have through their national committee reiterated their stand in favor of a continuance of assisted immigration of selected British settlers of a desirable type to Canada.

Charles Reid, of the Banff Springs Golf Club, won the Prince of Wales golf trophy, famous and coveted prize of gold, from a field of 427 competitors recently. His score was 144 net, his handicap being 17. This is the first time in the history of the competition that the cup has gone to a Banff player, Calgary golfers having taken it to that city on each of the four former competitions.

Canada's reindeer industry takes a big forward step this year with the trek of 3,000 northern animals from Alaska into the Dominion. In November this herd, secured by Canada from the United States herds in Alaska, will begin a trek which will take 18 months and will land the animals in 1931 on the Arctic coast east of the Mackenzie river.

Australians are "stereotypically loyal" so far as Empire Trade is concerned, and buy, for example, 98 per cent. of their automobiles from Canadian manufacturers. Sir James Murdoch, member of the Legislative Assembly of New South Wales, told the Vancouver Canadian Club recently. Sir James had just returned from a cross-Canada tour by Canadian Pacific lines and was on his way back to Australia.

Settlers in the Peace River country have a definite uniformity of outlook regarding the progress of the country as a whole, said Col. J. S. Dennis, Chief Commissioner of Colonization and Immigration of the Canadian Pacific Railway, who has been inspecting the northern part of Alberta over the Northern Alberta Railway. He was astonished at the readiness of the Boards of Trade and individual business men to take a large view even where it might work temporary hardship locally.

HIGH SCHOOL ELECTION

The Student Body election being
over, the Constitution being accepted
and the Student's court officials being
appointed, the school is ready for
eventualities.

The elected executive is as follows:
President—Gray Kirkham.
Vice President—Alice Litchfield.
Secretary—Wayne Woolley.
Social Chairman—Marie Reid.
Yell Master—Martha Roberts.
Athletic Manager—Harris Roberts.
Girls Athletic Manager—Viola Lamar.

The Court officials, appointed by
the Executive are:

Judge—Earl Baseom.
Prosecuting Attorney—Wayne Watson.
Sheriff—Grace Gaborath.

Each offender has the right to
name any student he chooses as a
defense attorney.

HEALTH SERVICE of the CANADIAN MEDICAL ASSOCIATION

THE BOTTLE OF MEDICINE

A distinguished English physician has told us that health is found in a way of life rather than in a bottle of medicine. In supporting this statement, there is no reflection cast upon the value of medicine. There are a few drugs which we might say are worth their weight in gold because of their value in the treatment of certain diseases. Their value depends, however, upon their proper use. They must be taken at certain times and in quantities suitable to each case.

The evil that exists and the evil from which a great deal of actual harm results is the taking of medicine, self-ordered, with the idea that the bottle of medicine will cure disease, when what is required is a change in the manner of life. If the diet is faulty, if there is insufficient exercise taken, if the body or mind requires rest, these needs, without which the sufferer feels a lack of health, are not to be overcome by his taking one or more bottles of medicine.

The fundamental problem of health is to secure the proper nutrition of the body. This means that the following must receive attention — food, fresh air and sunlight, exercise and rest, and cleanliness. No one of these can be neglected if the health of the body is to be maintained. It is practically useless to think of one without the other. Neglect of any one of them impairs the health of the person who is careless. Neglect in such cases means abuse, and, while it is true that the human body will stand considerable strain, it will not permit of abuse. Neglect of one or more of the laws of health means lack of bodily harmony, or disease of the body. Health or harmony cannot be restored by taking a bottle of medicine, when it is the manner of living which needs to be corrected. Prevention lies in the removal of the cause, which, in such cases, is neglect of the body needs.

U. F. W. A. MEETING

T. O. King was the speaker at the regular meeting of the U. F. W. held October 19th at the United Church. Mr. King's subject was The Co-operation of Parents and teachers. This subject was very well treated and was enjoyed by all present.

Miss Boyson gave a comic reading while the Roll Call was a Canadian product used in the home.

Super Features of the New Stewart-Warner Radio

Every feature of design and construction incorporated in the new Stewart-Warner Series 900 Radio identifies it as the most modern set on the market today. It embodies the best principles discovered since the inception of radio, advanced, exclusive features developed by the Stewart-Warner Laboratories and based upon a sound experience of over twenty-three years in the manufacture of electrical precision devices.

The new Stewart-Warner Series 900 Radio is smartly "in step" with today's radio demands — and with every anticipated advance of the future!

A. L. MCKELVIE

Established 1905

MEN'S FINE CLOTHING AND FURNISHINGS

Located at 322, Fifth St., South, in Lethbridge, is a store where men and youths are served with everything in the line of clothing. They feature English imported merchandise and "Fashion-Craft" clothes, nationally advertised and known favorably from coast to coast, offering a splendid service to out-of-town trade. Firm managed by Mr. McKelvie.

When a clothier is able to satisfy the most exacting demands of his customers it must be acknowledged that he has reached an enviable position in his trade. Such is the case with this house. The public has found that clothes from McKelvie's are satisfactory in every way and made of the best materials. They have featured the "Fashion-Craft" clothes for many years.

The most exclusive patterns and mixtures can be had in the tasteful and approved designs and are available at prices within the reach of the average pocket book.

They offer only quality merchandise and no matter what models you buy, you are assured of the satisfactory fitting that distinguishes their clothes from those of the average establishment. They give the wearer the air of distinction that belongs to all well-dressed men, but which is hard to acquire; and yet the price is within the reach of all.

The men's furnishings department is on a par with the clothing section. A large stock of shirts, collars, neckwear, gloves, hosiery, etc., by prominent manufacturers, is carried and all other imported and domestic essential requisites of dress that constitutes the wardrobe of the modern gentleman.

McKelvie's is one of the foremost clothing and haberdashery firms of Lethbridge and has enjoyed a consistent growth with the passing of the years. They cater to and welcome out-of-town trade and such customers are enthused over the extensive smart stock of wearing apparel.

Their factory connections make it possible to represent the foremost manufacturers and to offer the finest types of men's clothing.

CAPITOL THEATRE

Located in Lethbridge, furnishes amusement for the people of this city and surrounding territory, offering Movietone and Vitaphone feature productions and bringing the world's greatest stars of the screen to the city.

The Capitol Theatre merits the liberal patronage of the public and constitutes one of the most important features of the commercial organizations of the community which brings social entertainment and trade activities to Lethbridge.

The theatre is attractively furnished, tastefully decorated, and comfortable in every way, being pleasing to the eye, restful to the tired nerve and faded senses. Here, amid attractive surroundings, the public is entranced by excellent music and presentations, the greatest actors of shadow stage play, the productions of the most renowned playwrights of the continent. You see romance, fiction, travel, war, drama and all the various phases of human life depicted not only for the entertainment of the public, but as well for the education and intellectual uplift of the race.

The Capitol Theatre has a modern heating and ventilating system; is perfectly appointed and is known as one of the better show houses of the Province. It is one of a chain of some two hundred theatres operated by the Famous Players Canadian Corporation in the Dominion; a 100 per cent. Canadian concern.

The Capitol Theatre is managed by Mr. A. W. Shackelford who has not lowered the standard of productions but insists that the best is none too good for his patrons. While the productions that are shown cost more than the ordinary kind, yet he has refused to alter the class of them. In doing this Mr. Shackelford has taken a most commendable step forward. He offers only the best (and frequently the most expensive) to ward. He offers only the best (and productions for the near future, "The Trial of Mary Dugan," "Sophomore" and "Drag," featuring Richard Barthelmess, "On With the Show," "The Four Cossacks," with the celebrated Marx Brothers, and many other Paramount, Fox, First National, Metro-Goldwyn special releases.

In making this review of the on-ward progress of Lethbridge we are glad to compliment the management upon the good that is accruing to the community through his progressive efforts in furnishing the people with all that is new in the whole range of human life and endeavor.

FAMOUS CLOAK (Lethbridge) LTD.

LADIES' READY-TO-WEAR DRESS ES, COATS AND ACCESSORIES

With shop located at 602, Third Ave., South in Lethbridge, under the direction of Mr. H. Martin, are merchandisers of ladies' smart ready-to-wear dresses, coats and accessories.

Prominent among the concerns that have aided in the expansion and

growth of Lethbridge and the vicinity by giving the public metropolitan service and quality is the famous Cloak (Lethbridge) Ltd.

Though many stores removed from New York, which is known as the style centre of North America, this establishment is thoroughly up-to-date and is replete with the models of the hour in the various materials and shades which have been approved by the world's leaders of fashion. At this time, they are making a new and complete showing of fall styles in ladies' coats, dresses and accessories—one of the largest assortments to be found in Lethbridge.

In this shop is found not only the materials most popular and in vogue today among society's leaders, but the more conservative modish garments that have met with universal approval. As regards price, our readers will find that these garments which hang in graceful lines are exclusive but not expensive; can be purchased on a charge account basis, and are offered at popular prices, for, while the firm enjoys the patronage of the local public, they are also popular with out-of-town residents and thus their business represents a large turnover of stock each season. The firm maintains branch stores at Calgary, Regina and Saskatoon.

Mr. Martin's keen business judgment and vision foresight have been responsible for the growth of the local business and has increased in no small measure the progress and prosperity of Lethbridge.

We predict in this review that the future will see even greater strides in the development of the business.

KNOWLDEN BROS.

Established 1914

EXPERT SHOE REBUILDING

Located in Lethbridge, at 402 Fifth St., South, offer the best in shoe repair service for men, women and children. One of the largest and most reliable shops in the city.

Country orders solicited on shoe repairing and return carrying charges prepaid on all orders. Business managed by the Messrs. A. and W. Knowlden, well known in local business circles.

Within the period of fifteen years that Knowlden Bros. have been in business they have enjoyed an ever increasing patronage because of reasonable charge to the public and good service.

At an expense of thousands of dollars they have installed the latest type of shoe repairing machinery which operates with minute accuracy and speed. It serves in the expeditious handling of the large volume of business accorded the firm. The best of leathers and materials are used in all work and every order is checked before leaving the shop. This is especially true of mail orders reaching this plant every day. All return parcel-post charges are prepaid on out-of-town orders. This is a feature which commands itself to the residents of outlying districts who at times are in a quandary as to where to send boots and shoes to be repaired in a satisfactory manner.

We are pleased in this edition to direct the special attention of our readers to this firm and assure them they will always find efficient and courteous service—service within the reach of the average pocket book.

W. L. MCKENZIE AND CO.

ELECTRICAL & RADIO EXPERTS

Located at 705 Third Ave. S. in Lethbridge, under the direction of Mr. McKenzie, are distributors of the Westinghouse Radio noted for its clear reception, selectivity and naturalness of tone.

Radio is perhaps the greatest invention of the time. While only in its infancy its usefulness is proven to us every day in many ways. From a standpoint of entertainment it is unexcelled. The best operas, concerts, addresses, popular musical programs, sports and international contests of importance are transmitted to the radio fan as they happen. There is never a night and hardly an hour of the day but that interesting programs of one kind or another cannot be received. For commercial purpose and general usefulness radio has proven itself an impulse to aeronautics, shipping, mariners and the newspaper field. Particularly, it provides the farmer with the latest grain, general market and weather reports and it is to him that radio has proven especially practical.

W. L. McKenzie and Co., as distributors of the Westinghouse Radio have made a close investigation of the many makes of radios now on the market and have chosen the Westinghouse for its dependable construction which includes not alone the features of advanced science in radio reception but beauty and attractiveness in its cabinet work and fittings. The selling price of the Westinghouse radio are within the reach of the average pocketbook. They are stocked in a wide range of models from the inexpensive to the most elaborate and guarantee entire satisfaction with every sale.

W. L. McKenzie and Co., are thoroughly experienced in the many angles of the radio field and our readers are invited to visit the shop, and hear the programs being received daily; inspect the various models and learn of the attractive terms offered without incurring obligation to purchase. The wonders of radio are so many that those situated particularly in the rural districts can hardly afford to be without one.

Anyone interested in obtaining information regarding Westinghouse

radio can do so by simply writing to the firm. They will send a booklet descriptive of the many fine features incorporated in these new and hand-some machines, along with complete prices which perhaps is one of the reasons for Westinghouse outstanding popularity.

F. H. WILKINS

REFRACTING EYE SPECIALIST

Est. 1913

Located at 327 Fifth St. S. in Lethbridge, is a prominent optometrist whose efficient service has brought a large clientele from the city and surrounding territory. His services are much in demand by adults and mothers who are having their children's eyes examined.

Your eyes are two of the most delicate organs and when irritated require the attention of an expert.

Mr. Wilkins has made a special study of the eye and is thoroughly competent to fit glasses. He is well known in the territory adjacent to Lethbridge and is confined to his home city as many persons from the surrounding territory consult him weekly. The progress he has made in the profession is proof of his ability. Back of his work stands professional reputation and experience of eleven years. You cannot be too careful of your eyes. If they are giving you trouble it will pay you to visit him. Some minor causes may be discovered and may be corrected now with glasses.

Mr. Wilkins has attained a well-merited reputation in the correction of trouble that effect children's eyes as well as adult cases, and his success in this important work deserves the highest commendation. Many grateful mothers have found their children improve quickly in their studies and their grades become higher or just as soon as the trouble is removed.

When in Lethbridge and you wish your eyes tested, we recommend the services offered by him. Mr. Wilkins will give clients his personal attention. It is indeed a pleasure in this review to refer our readers to this well known Optometrist. Telephone, 2955 Lethbridge for appointments.

BATTERY & MAGNETO SERVICES

(EXIDE BATTERY SERVICE)

Located in Lethbridge at 322 Sixth St. S. is a completely equipped service station prepared to recharge or rebuild any make of storage battery and specializing in automotive electrical accessories and replacement parts. One of the prominent business houses of the city, managed by Mr. H. Solberg.

People of Lethbridge and the community who desire that their automobile batteries shall be inspected and put in the best of shape by experts, will find it extremely profitable to take cars to this modern and up-to-date service station, which is fully equipped to execute the most detailed battery service. The very latest equipment available for battery work has been installed on the theory that the public will appreciate at least one firm which can truly offer a worth while service. The success they have acquired has merited the investment.

None but expert workmen are employed; men who understand the construction of storage batteries and who have spent years of apprenticeship in the factories where batteries are made. Not everyone can become a competent battery engineer. It is not the work of just a day or a week, or a month. It is the study of years that makes men perfect in this specialized trade. The employees of the Battery and Magneto Service Station have been specially selected because of their perfect understanding of the mastering laws of electricity and the fact of battery manufacture. The service is given to the people of the community at a moderate charge.

In addition to the service outlined above, the firm are authorized distributors of the Exide battery, and for 35 p.c. of the automotive electrical equipment manufacturers, and carry in stock a complete line of parts. For quick service on genuine automotive electric parts, telephone 3344 Lethbridge. Their service is especially valuable to garage operators. Our readers will do well to acquaint themselves with this modern electric service station when visiting the City.

MOTOR CAR SUPPLY CO. OF CANADA, LTD.

Wholesale Automotive Replacement Parts and Atwater Kent Radios

Located at 419 Seventh St., in Lethbridge, under the direction of Mr. R. F. Davis, with head office in Calgary, is one of the largest establishments of its kind in Western Canada. They carry a tremendous stock and are prepared to meet demands of the dealer trade with superior products at attractive prices.

The Motor Car Supply Co., of Canada, Ltd., are thoroughly abreast of the times, and as intimated above carry in stock a large and diversified line of automotive replacement parts and accessories for the motorist. Cars, pistons and piston rings, brake lining, valves, garage equipment. Firestone tires, U. S. L. storage batteries, Atwater Kent screen grid Radios, lamps and innumerable

accessories are available and can be purchased either locally or by mail by the dealer.

We do not think we exaggerate when we say that this concern has saved its patrons thousands of dollars for they are the sales agents for standard replacement parts which are offered at lowest prices and in strict competition with similar firms. They have a stock that represents a heavy investment and have left nothing undone in their efforts to serve the trade faithfully.

With the thousands of cars on the highways nowadays there is surely no avenue of industry more necessary than that of the auto part replacement and supply business. Whether a car is driven for social or commercial benefit, automotive parts and accessories are required from time to time and only progressive and financially strong firms can hope to share in this business.

The firm name of the Motor Car Supply Co. of Canada Ltd., has long since become fixed in the minds of the dealer trade of Western Canada as an institution worthy of support.

They offer a thoroughly dependable mail order service and as their annual turnover is in the matter of some consequence we can assure the trade that their prices, consistent with the quality of merchandise ordered will not only be an incentive to buy from them, but will be as low, or lower than it is possible to buy similar goods elsewhere.

We are glad to compliment the firm upon the position they occupy in the industrial field of the Province.

THE ROYAL SHOE STORE

FINE SHOES FOR MEN-WOMEN & CHILDREN

Located at 210 Fifth St. S. in Lethbridge offer quality footwear at reasonable prices. This firm does a large business and serves the local and community residents throughout the year. Under the personal direction of Mr. J. Feinstein, well known in local business circles.

So satisfactory has been the service of this well established footwear firm in Lethbridge that the quality of their merchandise has become well known to the public in this territory. This reputation has been achieved not only because of the unsurpassed quality of shoes handled, but is due as well as the never failing courteous service which every employee of the firm extend to the public and the gold bond guarantee back of every pair of shoes and merchandise taken from the store.

The firm's salesmen are not permitted to meet the public until they have acquired the knowledge of catering to the most fastidious individual needs in the way of shoes. They must be prepared to make suggestions as to what kind of footwear the customer needs. It is a fundamental principle of the firm that shoes are more than a mere article of apparel they are an essential part of every person's personality.

It is not over estimating the case to say that this firm carries a most complete stock and a wide range of styles and sizes in the present day models. They feature the "LaMode" and "Form Fit" shoes for women and stock widths AAAA—EEEE and size 1 to 13 for men they carry the "Strider" and "Invictus" and "Wildie" "Glove Fit" shoes.

Mr. Feinstein, who succeeds his father in the business has a wide experience in the field and has spared no effort to properly serve the public. His factory connections make it possible to offer dependable footwear at reasonable prices to fit the average pocketbook and thus we find the stores freshly stocked at the beginning of each season.

FRACHE BROS., LTD.

RETAIL FLORISTS

With Greenhouses located at Henderson Park and Retail Shop in the Metcalfe Block, Third Ave. South in Lethbridge, offer a large variety in cut flowers, plants, floral decorations, emblem designs, etc., doing an extensive local and out-of-town business. Mr. Alvin O. Frache manages this firm.

We are desirous of bringing to the attention of our readers the advantages and opportunities offered by Lethbridge business men and industries. In our attempt it would be unjust to overlook the floral service provided by Frache Bros., because of the important part they are playing in the development of the community. They are the largest retail florists in the West and have the second largest greenhouses, (110,000 square feet under glass), on the prairies.

Flowers for all occasions are grown and stocked and a phone call or wire will receive instant attention. Frache Bros. many years of experience in the floral business makes possible the proper selection for various specific needs, and if you are in doubt as to suitable flower decorations they will gladly offer their advice and suggestions and provide estimates without obligation. Flowers may be ordered and delivery made by telegraph. For those living in the country, a letter explaining what is desired with full shipping instructions, or a phone call—2696 or 2033—will receive prompt attention. Persons living in the vicinity of Raymond, may phone the Raymond Mercantile Co., Ltd., who are Frache Bros. Agents, and secure prompt service.

Frache Bros. have furnished floral decorations for many of the prominent social and civic events of Lethbridge, such as weddings, banquets,

receptions to visiting celebrities, etc., for many years. Their floral design department provides floral emblems or such of any kind and size, worked out in beautiful color harmony. Necessity this is skilled workmanship, and their reputation has been earned by sincere endeavor to serve the public.

The Frache Bros. have given their entire time to the study of horticulture. They have worked not alone for the increase of the business, but for the development of the community as well, realizing that only they can the greatest degree of success be attained.

P. V. PARKES

LEATHERIDGE'S PIONEER JEWELLER AND DIAMOND MERCHANT

Located at 311 Fifth St., South, in Lethbridge, is a pioneer and prominent jewelry firm featuring a high grade stock of exceptional merit. Diamonds and gemstones mounted in a specialty; watch repairs in new designs. Firm managed by Mr. P. V. Parkes, well known in local business circles.

The Christmas gift season is close upon us, and the jeweler receives his share, making possible the widest selection of presents for all occasions. An up-to-date jeweler is indispensable to every community of taste and refinement, and he whose work shows marked skill is sure of liberal patronage. The people of this community are in no way lacking in this respect, for the generous patronage extended P. V. Parkes indicates that public opinion favors them with thousands of dollars expended yearly in patronage.

Parkes carries a fine stock which includes everything necessary to conduct a modern and up-to-date store. Here will be found a large assortment of diamonds, watches, rings, silverware, clocks and novelty jewelry.

Particular attention is given to watch and jewelry repairing and rebuilding. If you have any article of jewelry, or a watch, that you thought useless, because a clasp was broken or a part missing, or with a piece of jewelry result to suit your own ideas, bring or send it to them and it will be done to your entire satisfaction. Watches for adjustment or articles of jewelry for repair will be returned promptly by parcel post.

A specialty with Parkes is its diamond department—offering a wide selection of the world's finest diamonds and rebuilding your old mountings in beautiful up-to-date patterns, the white gold mountings being very popular. They also carry a very attractive stock of engagement and wedding rings done in exclusive patterns, and are serving the country residents throughout the year.

We take pleasure in directing our readers to this concern and point to it as one of the older business enterprises of Lethbridge that is adding in making this a more progressive city in which to shop.

C. A. LONG AND CO.

Established 1946

FURNITURE AND HOME FURNISHINGS

Located in Lethbridge, in the Third Block, Third Ave. South, under the direction of Mr. C. A. Long, are a pioneer furniture firm of Southern Alberta, and render such satisfactory service to the retail trade that it is recognized as one of the leading furniture houses in the City.

C. A. Long and Co., are a pioneer firm not satisfied with stocking just a few articles of furniture. When preparing to sell furniture and home furnishings to the people of Lethbridge and Southern Alberta some twenty-three years ago, they determined to keep in stock everything necessary in the furnishing line. Those who have purchased from them or been in the store will have to acknowledge that they have succeeded. We venture to say that there are few stores in the province that carry a more complete stock.

C. A. Long and Co., carry an attractive line of dining room, bedroom, living room furniture and Chesterfield suites, home furnishings, electric lamps, draperies, etc.

Their large purchasing power with manufacturers has made it possible to secure merchandise at rock bottom prices which has, necessarily, produced a heavy turnover. Whether you want furnishings of moderate price or the most expensive kind on the market this firm will give you value received. To out-of-town customers they extend the convenient deferred payment plan and prepay all freight charges on purchases of more than fifty dollars.

At this time they are holding a large anniversary sale. There are scores of beautiful pieces of furniture and home furnishings offered at greatly reduced prices which are bringing customers to the store from out of town points.

The concern have made a thorough study of the requirements of this specialized trade and are serving many influential and prominent homes in this territory.

They employ a large staff of people and are one of the most important stores in Lethbridge serving the public from morning until night in

SERVICE GARAGE LTD.

Located at 404 Third Ave. S. are distributors for the Durant and Marmon (Roosevelt line) automobiles and Ramrod Oil Puffs, who offering a modern and dependable automobile garage and repair service and have proper facilities for towing, brake lining and replacement part service and auto supplies is a feature of their business. The local travelling public are invited to familiarize themselves with this firm whose business is a feature in automobile circles of the city managed by Mr. T. T. Billingham.

One of the centres of business activity that is visited by motorists from this section of Alberta is this popular automotive repair, welding and service garage which by reason of its accommodating policy has won wide popularity.

The Service Garage Ltd., is conveniently located and has complete facilities for serving local patrons and the travelling and out-of-town public in the way of expert garage, auto repair, towing and wrecking service. It has been the purpose of this organization to specialize in this branch of the automobile business and ample experience and equipment is placed at the disposal of the public. Under the direction of Mr. Billingham this business has prospered. He has men in his employ who are mechanics—men who thoroughly understand the construction of the various motors and chassis on the market and are able to proceed with repair or replacement work in an intelligent manner. An outstanding feature of the business is their brake lining service and ability to properly adjust braking pressure thus securing dependable braking power and longer life in the lining which is a matter that should interest the thinking motorist.

Their 24-hour service and facilities for out-of-town towing and wrecking is well worthy of mention for their rates are reasonable and service prompt and courteous a genuine relief to the motorist in trouble on the road. Telephone 2864 Lethbridge and they will do the rest.

In making this review of the on-ward progress of Lethbridge, we are pleased to compliment this modern satisfactory service they are giving the people and the wide popularity their establishment has attained in the motor circles of the city.

WESTERN BAKERY LTD.

WHOLESALE BAKERS

Located at 1603-1616 Second Ave. N. in Lethbridge is an affiliation of the McGavin Bakeries Ltd. of Edmonton who own and control over twenty plants in the Western provinces. Are wholesale bakers of "Blue Bonnet" bread. One of the largest firms in its field; ever progressive and equipped with the most improved machinery and ovens which assures the public of fresh and wholesome products. Firm managed by Mr. B. C. Brown.

The Western Bakery Ltd., do a large wholesale business throughout the City and Province in the distribution of "Blue Bonnet" bread and other bakery goods. Under the active management of Mr. Brown they are reaching out in all directions and rendering an excellent service to the public.

The baking industry is as old as the discovery of fire and the methods used in ancient times—baking on stones and rudely constructed ovens have, of course, been eliminated through the development of modern equipment which provides facilities for capacity production as well as uniformity in the product and sanitation in the handling. At the plant of the Western Bakery, Ltd., the public may view baking equipment and devices appurtenant to this business, of the latest type and observe a well co-ordinated movement of industry.

Only the best of materials and purest ingredients enter into the making of their products. Their bread and other products contain Raymond Sugar, carbohydrates for fuel, protein for repair, growth and energy, fats for fuel, minerals for hardening the bones and health and vitamins as a vital necessity for proper nutrition.

The firm's business has increased so rapidly that their institution represents a veritable beehive of industry. The management has been closely allied with the business interests of Lethbridge for many years and has been instrumental in the rebuilding of the city and province. Thus, they are warranted in receiving the growing patronage of the public.

The Western Bakery, Ltd., make daily shipments from their plant to all parts of Lethbridge and the adjacent territory. The trade and consumer are assured of a fresh product at all times. "Blue Bonnet" bread which will soon be wrapped under the trade name of "Butter Krust" bread is carried by the leading merchants. The capacity of the plant approximates 150,000 loaves monthly.

Lethbridge

COMMERCIAL CENTRE OF
SOUTHERN ALBERTA

Through the co-operation of the "Raymond Recorder" we review many of Lethbridge's manufacturing, wholesale, retail, and professional firms, which are pioneers in this region and that have helped in a large way to make Lethbridge a prosperous city and community in which to live and work. Discretion was used by the editors to review only business firms that are leaders in their respective fields of commerce and whose business policies carry recognition of years' standing. This section edited by International News Syndicate, Calgary, (Hotel Palliser Building,) Spokane, San Francisco. All publishing Rights Reserved.

MARTIN BROS.

FUNERAL DIRECTORS

Located at 312 Third Ave. S. in Lethbridge, conduct a dignified and hospitable institution, maintaining complete service and equipment. The old and new in funeral service are handled by the Messrs. B. B. Martin and G. H. Martin.

"Why fear Death? It is the most beautiful adventure of life."

These humorous words were the statement of the famous theatrical magnate, Charles Frohman, who perished on the ill-fated Lusitania. The truth of this statement is further borne out when one observes the far rites as carried out by Martin Bros.

With every appointment in keeping with the occasion and with every detail of equipment to add to the dignity of a funeral at their command, ranking high in the profession, they are able to mitigate sorrow brought by the Grim Reaper. Thus, it is quite fitting in this review of the onerous progress of Everett to pay tribute to this concern which has helped in a large way with its professional service alleviate grief which has come to many homes and eventually comes to all of us.

In no other profession is such a great amount of innate ability and natural aptitude required. Infinite skill, a certain artistic quality of taste and deep sympathy are indispensable attributes to this work. The clientele which Martin Bros. possess is eloquent evidence of success. At any hour of the day or night they are prepared to respond to a call where services are needed. In that hour of sorrow they are ready to assume the responsibility of carrying out every detail of the funeral and burial that the bereaved family and friends may be relieved in as great a measure as possible. Their skill insures that there will be no mistakes to leave sorrowful remembrance around the burial of a loved one and the last rites may be remembered as "the most beautiful adventure" in the life of the one who passed on.

The firm has possessed itself of equipment of the most modern type which includes a complete and high class motor hearse. The reputation of the Martin brothers who manage the firm may be attributed partly to the active interest they have taken in the community outside of the profession. In business and professional circles their dependability and frankness has won proper commendation.

LETHBRIDGE LAUNDRY CO. LTD.

LAUNDRY - DRY-CLEANING CARPET RENOVATING - SERVICE

With offices and plant located at 512 Fourth St. in Lethbridge under the direction of Mr. C. A. Templeton, complete in cleaning, drying and repairs for individuals, hotels, apartment houses and businesses; they also have a complete laundry, dry cleaning and carpet renovating service. The offices in the city and other prominent out-of-town services.

During recent years considerable study has been given to the construction of machines and devices for the proper cleaning and renovating of carpets and rugs with the result that important developments have taken place. The Lethbridge Laundry Co. Ltd. have watched these developments and have added such equipment as rapidly as it has been approved.

The modern mechanical devices in their plant represent an investment of many thousands of dollars which has paid good dividends to patron and established the firm solidly. Aside from equipment and facilities offered, wide experience and knowledge of fabrics are necessary to successfully handle this work. Their years of service to the public stands out in mute evidence of their success. Whether a rug be of ordinary value or an Oriental masterpiece worth hundreds of dollars, they can thoroughly cleanse it without injury to the fabric or colors.

They specialize in carpet cleaning for apartment houses, hotels, theatres and public institutions, making rates for quantity on a contract basis. For the individual their prices are reasonable and service metropolitan in every respect. It is a splendid investment to let them serve you. The firm is patronized by out-of-town customers to such an extent that a special department is maintained to handle this business with dispatch. They have complete facilities for repairing damaged Oriental of Chinese rugs and tapestries and serve many influential people of the community. Estimates on work can be had by phoning 3451 Lethbridge.

Mr. Templeton, who directs the work, is actively interested in the growth of Lethbridge and through his dependable dealings with the public he has made many friends for the company.

D. WILLIAM MESSCH

ARCHITECT

With offices in the Coneybear Building in Lethbridge, is a Prominent Architect and a Man of High Standing Experience and Ability.

The work of the architect is held in high regard in its relation to every phase of building endeavour, as it is to his creative ability and at times to his artistic skill that the realization of a beautiful and useful structure is accomplished.

Before a spade of earth is turned on a brick laid, every detail of the structure has been planned by the architect, who in his sketches gives his client the idea of the complete effect embodied in the finished building, a well the features of construction.

For its population Lethbridge is remarkable for its many varied and durable buildings. The New Capitol Theatre being among the latest structures. Most of these have been designed by architects who each year add to their prestige by new achievement in the field of building designs to meet the present day demands.

To erect a structure is an accomplishment. To make it attractive and expressive of the advancement of the age is another work of marked superior scope. To express the best idea that time has developed calls for skill in both planning and building. The property owner wishes to provide a home, commercial building, plant or office structure, which will embody beauty, type and durability through the years to come, as well as floor plans, and it is through the skill of the architect and contractor that the provisions of these requisites are made possible.

People planning to build not only want certain ideas carried out, but they require expert advice from the architect as to what is best and the latest method of construction. Actually, the work of the architect is an investment made by the builder to assure economic construction plus durability and type at a minimum expense without waste of time or material; a service particularly applicable to the home builder as it guarantees to fulfill the builder's every wish for practically the amount that would ordinarily be wasted in delayed labor, material and satisfaction.

MILLER COURT and CO. LTD.

(JOHN H. F. GREEN)

INVESTMENT SECURITIES

With Head Office in Vancouver and branches at Victoria, Toronto, Winnipeg, Calgary, Regina, Nelson, London, Eng., and Lethbridge (Bylands Block,) feature reliable and dependable market securities which have an immediate resale or market outlet. Mr. John H. F. Green well known in financial circles, heads the local office.

Complete investment service is essential to every community and therefore we wish to direct our readers' attention to this strong and reliable financial concern who offers a wide range of securities of established value.

The matter of safe investments is a most important one and is a service requiring intimate knowledge of commerce, industrial development, banking methods and the financial markets, both domestic and foreign coupled with sound judgment, honesty and integrity. The local activities of this investment firm is supervised by Mr. John H. F. Green, thoroughly conversant with every angle of its business. Clients have found a satisfactory selection of approved securities to be a matter of course with this firm's operations.

Miller Court and Co. Ltd., specialize in bonds and stocks which are listed on the important eastern exchanges and have membership on the Vancouver Stock Exchange and at other points.

The firm are glad to discuss investment matters, to furnish information or circulars desired without obligation. A reliable service of this type which is able to provide the proper bond or other security to meet the individual requirements of the client, is much to be desired, and out of town residents wishing the highest yielding securities with absolute safety, will do well to acquaint themselves with the firm.

We wish to compliment the executives of this firm and Mr. Green upon the valuable service they are rendering the public and the confidence which they enjoy, and the high rating and reputation which is given them by banks throughout the country.

Readers of this issue will find a visit to the firm's office both interesting and profitable. As the direction of this institution is in the hands of prominent financial men which assures a continual progress and expansion not only of the firm but the territory it serves.

ED. CHAPLIN VULCANIZING WORKS

Located at 712 Third Ave. S. in Lethbridge, is well equipped and efficient tire repair establishment. Also a dealer in high grade new tires; carrying the Gregory make for either passenger car or truck service. Mr. Ed. Chaplin heads this firm.

The Ed. Chaplin Vulcanizing works make a special feature of vulcanizing. Just as motor cars and trucks have become indispensable features of latter day business and social life so has the well-equipped vulcanizing establishment become one of the essentials of every progressive Canadian community.

This firm has come into prominence because it is not only a vulcanizer properly to handle and execute high grade work but it is operating under the direction of Mr. Chaplin, competent by years of hard, practical experience in the vulcanizing and tire business.

His service through apprenticeship, the present day has seen the development and growth of the industry and is recognized in automobile circles as being able to serve the most exacting person with satisfaction.

The firm also deals in new tires. They are distributors of the Gregory make. All sizes for either car or truck are available, also tubes, and may be purchased by mail by the out-of-town customers with the assurance that fresh stock and honest service will be accorded them.

The firm have made a special feature of the out-of-town trade; have invited it and worked for it to such an extent that today they are serving regular patrons with dispatch and satisfaction.

Tires for vulcanizing and general repairs may be sent in by parcel post with letter of instructions, which will be carried out as requested. In the event a tire cannot be put in suitable repair for the road, will not give satisfaction, etc., the patron will be advised to that effect and quoted an attractive price on a new tire replacement. In other words, their service is intended to be of intelligent and constructive type, catering to the practical economy demands of the day. Patrons are made to feel that their patronage is appreciated and desired.

CITIZEN'S LUMBER CO., LTD.

This firm, with offices and yards in Lethbridge and Raymond, conduct a lumber business that has aided in the development of the city and the adjacent territory. The Messrs. A. E. Procter and C. W. Lamb, who manage the respective offices are well known in local business circles.

With visionary mind directed toward the industrial and home building development of Lethbridge, Raymond, and the surrounding territory the Citizen's Lumber Co., Ltd., operates one of the largest and most satisfactory lumber concerns in Southern Alberta, catering to both the contractor and the builder, as well as to the wants of the individual person engaged on private work.

While it has always been their aim to obtain a fair and legitimate profit from the enterprise, this firm has gone about it in a constructive way and to the benefit of the public with whom this firm comes in contact. The concern's policy has been to furnish a lumber service of quality consistent with the prices quoted, ranging from the cheaper grades to the most expensive. This method has resulted not only goodwill throughout the territory served, but has produced a consistent volume of business for the firm which has enabled them to sell at attractive figures and automatically aid in the social and industrial growth of the community by extensive building.

The firm does a wholesale and retail business and carries a wide range of general building lumber, lath, shingles, moulding, etc.

That their organization is growing with the passing of each year is a matter of common knowledge among those in the building lines, and with the fast growth of Lethbridge and its trading area we anticipate a corresponding expansion of this firm's activities.

ALBERTA FUR CO.

MANUFACTURING FURRIERS

Located in Lethbridge at 707 Third Ave. S., are manufacturing furriers of the highest order. They enjoy the local and out-of-town patronage of discriminating people. Mr. J. F. Cumming of this firm holds an enviable reputation for fair dealing.

By reason of the widespread range in quality and price it is very difficult for the uninitiated to select a fur or fur article of any description and get value received unless they are dealing with a firm in whom they can place confidence. Therefore there is general satisfaction in doing business with this established furrier.

The Alberta Fur Co. are of the highest order. They buy selected raw skins from only the better and reliable wholesale houses as is the case with special garments not made on the premises. These skins are then made into attractive modish garments of genuine value, which are sold with a substantial guarantee direct to the wearer. Mr. Cumming through his sixteen years experience is an authority on fur values and old customers have learned that when he quotes a price it denotes honest value. This insures the customer of purchasing quality merchandise on a one price basis. They handle Hudson seal, fox, otter, beaver, racoon, mink and other popular furs. Mr. Cumming will be pleased to have our readers inspect his stock, whether interested in purchasing at the present time or not. In addition, the firm operates a modern repairing and remodelling department and are equipped to remodel your last winter's coat or revise the same as you wish.

In this edition we point to the success they have made covering a period of years and assure our readers of dependable service through them. They refer prospective patrons to many prominent citizens of Lethbridge for reference if desired. Mail inquiries especially invited and will receive careful and prompt attention.

CARBUTT BUSINESS COLLEGE

This institution provides the residents of Lethbridge and the adjacent territory with an opportunity to secure commercial training which is unsurpassed. Mr. A. M. Fisher, Principal, announces the largest enrollment this year for both day and night classes the school has ever enjoyed.

Perhaps no institution, whether local or foreign, that operates in this section is more worthy of favorable mention than the Carbutt Business College.

For years past the importance of special training for a successful business career has been impressed upon the minds of the public. The large employers are constantly giving preference to the applicant who trained himself for some line of work connected with the business in which he is about to engage, and as a result the person who is untrained watches the new man or woman go past him to some higher position that carries an increase, not only in salary, but in responsibility as well.

A business course for the boy or girl is the aspiration of every modern parent and with such an institution as the Carbutt Business College in our midst the future of your boy or girl is assured, for at a nominal cost a complete course and a most desirable preparation for business can be secured.

All the modern methods of instruction in the different courses have been introduced, and the instructors themselves have been selected with the view of making this school the best of its kind in Canada.

Their present courses comprise shorthand (Pitman System), Typewriting (touch system), business English, Office routine, Bookkeeping and elementary accountancy.

A valuable feature is the Employment Bureau. This service is free to all graduates, not only at time of graduation but at any time in the future. The College does not guarantee positions, but in all cases lends its influence in this direction.

The offices and school are located in the Masonic Hall Building, and those interested in learning full particulars of its work and enrollment fees are invited to address them without incurring obligation.

UNIVERSAL AGENCIES LTD.

GENERAL INSURANCE and REAL ESTATE and FARM LANDS

Located in Lethbridge at 316 Fifth St. S., is one of the most prominent underwriters in the city, offering not only large and strong companies but a service that is both comprehensive and metropolitan.

The Universal Agencies Ltd., have an enviable record of service to the public and have become one of the leading underwriters of general insurance in Lethbridge. Representing as they do many of the largest companies it is not surprising that they enjoy a large patronage. However, the success they have achieved is due in a large measure to the fact that they appreciate the value and necessity of rendering genuine service in the carrying on of the business.

Since inception they have been at the service of their patrons, giving any information desired and assuring all persons that no obligation is incurred by making enquiries as to rates, coverage, companies, etc. Courtesy and accommodation have been the bywords of their progress and the scores of clients who have consulted and purchased insurance at their offices are enthusiastic for

their commendable policy.

Those who do not at the present time have insurance will do well to consult with them and learn the advantages and extremely low rates. They specialize in fire and automobile insurance, also writing life, tornado, liability, accident, compensation, steam boiler, surety bonds, plate glass and all other forms of insurance coverage.

In their real estate department Mr. A. N. Kessler, who manages the firm has listed country and town property that could not fail to attract anyone interested in the purchase of real estate. The residents of this community have learned that their word is as good as their bond and they never list property above its true value and their familiarity with local conditions make them an authority on property values.

The Universal Agencies Ltd., have established correspondence through-out the Dominion who keep them informed of realty conditions and property exchanges offered and wanted. Their broad operations render their services invaluable to persons interested in negotiating deals.

PLUNKETT AND SAVAGE

WHOLESALE FRUIT and PRODUCE

With offices and shipping quarters in Lethbridge, under the direction of Mr. G. C. Cope, are importers of bananas, oranges, lemons, fancy fruits and deal in all kinds of berries, vegetables, potatoes and produce; doing a wholesale carload business in receiving and shipping.

Plunkett and Savage, make a gospel of quality which has laid first claim upon the favor and patronage of discriminating people and the farmer.

Because of the volume of business transacted, because of their competent business methods and the high quality of their products which are handled, this firm has helped gain for Lethbridge a commercial prestige as an excellent market for the consumer and for the farmer who has produce to market.

Thousands of dollars are brought into this section each year through the trade channels presided over by them and many people are thus afforded employment. The fact that their trade extends for a radius of many miles of Lethbridge brings new faces, new business and adds prosperity to the city and community.

In establishing the firm, it has been the policy of its executives to supply the trade-retail merchants, hotels, and restaurants, a service which they specialize with the highest standard merchandise.

Their warehouse is a modern structure of the latest type, designed especially for the business. It has become headquarters for farmers. The top market price is paid at all times for fruits, berries, vegetables and country produce. Each department of this firm is in charge of an executive thoroughly conversant with wholesale conditions in the fruit and produce market.

Their warehouse is headquarters for farmers. The top market price is paid at all times for fruits, berries, vegetables and country produce. The firm specializes in carload shipments of potatoes and vegetables. Each department of this firm is in charge of an executive thoroughly conversant with wholesale conditions in the fruit and produce market.

In reviewing the various business interests of Lethbridge, it is the publisher's wish to place the service rendered by this concern before the public, believing that the readers will take a genuine interest in knowing of their operations and will also serve as a reminder to the farmer who may be in a quandary as to a suitable firm to deal with in Lethbridge.

WALKER and HOLBERTON

Plumbing and Heating Engineers— Power Plant Installations

Located in Lethbridge, at 322 Seventh St. South, is an expert heating and sanitary engineering firm which has kept abreast of the times. They are prepared to equip country farms and residences with heating, plumbing and water power systems that are of the highest quality and efficiency. Mr. David Walker and Mr. Wm. Holberton head this concern.

Metropolitan service of the highest order is offered the residents of Southern Alberta by Walker and Holberton.

Efficient and dexterous by reason of the knowledge that comes from having mastered all the intricate technical problems of the profession, and supreme in the prestige that comes from the use of the best materials, they have built up an extensive patronage throughout Lethbridge and the adjacent territory. In their establishment will be found equipment and fixtures scientifically correct and latest designs in the greatest variety. In addition to the stock

carried on the floor, prospective customers are afforded the privilege of viewing the large display rooms at warehouse in Calgary, maintained by manufacturing firms selling to them. The exhibits contain thousands of dollars worth of plumbing, heating and water provision requisites, appliances and necessities so vital in the modern home and business house of today.

Country residents interested in modern and reasonably priced heating, hot water and power plant systems will do well to consult with them. They are thoroughly experienced in this line and offer expert advice and first class equipment at attractive figures.

All the features of the trade are well handled by them and every detail is given the most painstaking care. Honest and straightforward in their business policies, they are among the prominent business houses of Lethbridge, and we wish to commend their services to those who may be in need of such. Estimates on work contemplated may be had by phoning 3521.

LETHBRIDGE HIDE, FELT AND FUR CO. LTD.

Est. 1883

RAW FUR BUYERS

With offices and warehouse at 407 Fourth Ave. S. in Lethbridge, are dealers in raw furs, hides, wool pelts, horse hair, seneca root and tail, being one of the most necessary and important business houses in the city, under the able management of Mr. R. Carnehmum, who has had lifelong experience in this line.

The establishment of this progressive firm is one of the most valued institutions in Lethbridge and worthy of mention in this review. They purchase pelts, hides, furs, wool, horse hair, tallow and seneca root, for cash. The Lethbridge Hide, Felt and Fur Co. Ltd. are known for their honest and straight forward methods and fair dealing with everyone who ships to them, consequently this establishment adds to the efficiency of the city as a trading centre.

The firm is rendering essential service to the country in that it is bringing recognition not only from the people of the immediate community, but also throughout the Province. By the efficient methods upon which they operate they are in touch with all important market centres; therefore able to pay the highest market price.

The Lethbridge Hide, Felt and Fur Co. Ltd. have made a host of friends as well as patrons throughout the Province and are always courteous and ready to give the best of service and the highest prices consistent with the condition of the market and good business. They are in every respect a reliable firm to deal with.

We are pleased to compliment this business house and wish to direct our reader's attention to their depot is one of the important business places in Lethbridge.

MISS NELLIE JOHNSTON

EXCLUSIVE MILLINERY

Located in Lethbridge at 309 Sixth St. conducts a prominent and exclusive millinery shop carrying a large and varied stock of European and Eastern creations.

Miss Johnston conducts the largest and most exclusive millinery shop in the city drawing trade not only from Lethbridge but from all points of the adjacent territory. Her annual turnover represents many hundreds of dollars in purchases from Eastern and European designers and her consequent buying power permits her offering of smart head wear at attractive prices with an occasional "special" from time to time. Here are shown the modes of the hour in direct European, New York and Eastern importations in the various materials and color harmony effects which have been approved by designers displayed in foreign and eastern shops. No sooner has a style been accentuated than it makes its appearance at Miss Johnston's and is presented at prices within the reach of all.

Truly, female head wear need not be expensively bought in order to be correct and distinctive. To the contrary, Miss Johnston has exercised good judgement and stocked millinery which provokes favorable comment amongst the young ladies and women who choose to dress correctly.

Conducting the business on a competitive basis and with a rigid system for the annual clearance of stock makes it possible to offer the public millinery at lowest prices consistent with good business methods.

The management strives to further her knowledge of current day demands by close contact with experts of international reputation in order to better serve the public.

We take great pleasure in commending her through the press upon the success attained in the daily showing of smart models and urge our readers to visit the shop when in Lethbridge.

CROP REPORT

(Issued by the Bank of Montreal)

General. Throughout the Prairie Provinces threshing is practically completed except in the Peace River district and a small area of northeastern Saskatchewan. Wheat yields vary widely but the total production of the three Provinces gives indication of being about 70 p.c. of the average yield for the past five years. The coarse quality of grain is very good with Nos. 1 to 3 Northern predominating. The coarse grain yields are much below average. Fall ploughing is well advanced in Manitoba but has been retarded in Saskatchewan and Alberta through dry weather. Heavy rain over the whole west would be welcome. In Quebec harvesting is about completed and all agricultural work is well

advanced with the exception of ploughing which has been retarded by dry soil. In Ontario continued fine weather has enabled farmers to complete harvesting earlier than usual. In the Maritime Provinces harvesting is proceeding well in excellent weather. In British Columbia nearly all crops are safely harvested with good average yields. Details follow:—

PRAIRIE PROVINCES

Alberta. Western Area: Except in the Peace River district threshing has been completed. The average yield of the northern section is about 15 bushels and in the centre the yield is 7 to 25 bushels on summerfallow. In the south beet digging is 25 p.c. done and about 1600 tons of beets are being delivered to factory daily. North eastern Area: Threshing is finished, yields running from 5 to 20 bushels grading 2 Northern. Southeastern Area: Threshing is completed with an average wheat yield of 10 bushels grading 1 to 3 Northern. Saskatchewan. Northern Area: About 10 p.c. of the threshing remains to be done. Wheat is yielding from 12 to 15 bushels of good grade grain. Southern Area: Threshing is almost completed but wheat yields are low with a possible average of 10 bushels, grading well. Manitoba. Threshing is completed. Yields and grades of wheat are better than expected, barley fair and oats poor.

PROVINCE OF QUEBEC

Threshing operations indicate a good average yield of grain; oats generally are grading out well. The potato crop is very satisfactory, other roots show a good yield. Corn suffered some damage from frost but the crop is better than expected. Pastures benefitted by recent rains, as reported in fair condition. Apples are plentiful

PROVINCE OF ONTARIO

Silo filling is general. Root crops are of good quality sugar beets are below average, beans fair, tomatoes a one half crop, with late varieties being picked. The yield of potatoes is below average, apples are plentiful grapes are excellent and of high quality, and 75 p.c. of an average tobacco crop was cut and housed before the frost in September. Pastures are dried up. In the eastern portion and in some sections of the West the rain fall during the past two weeks has facilitated fall ploughing and seeding. The average of fall wheat

SCHOOL OF AGRICULTURE NOTES

The R. S. A. starts a week from next Tuesday. Are you enrolled yet? If not, why not? The enrollment up to the present is as follows:

First Year Boys	19
First Year Girls	19
Total	38
Second Year Boys	13
Second Year Girls	13

Total 23
Making a Grand Total of 64

All the members of the staff attended the Staff Convention at Oids. Mr. Longman gave a paper on "Co-operative Marketing and Economics." Mrs. Redig on "The Teaching of Household Science." Mr. Asplund on "Inter-School Activities," and Mr. Gilbert on "Religious and Social Life, and Physical Training in the Schools." The purpose of this convention was to discuss the course of action and unify the course in the different schools.

We are very pleased to announce that Miss Redig is again back on the staff.

There are several applications for enrollment from girls who would like to find a place to work for their board. Anyone desiring such help, or knowing of anyone who does, please get in touch with the R. S. A.

Are you a paid-up Subscriber?

Rain fell for several hours Thursday night, but Friday forenoon the sun came out bright and warm again.

WANTED

Rooming and boarding accommodation during Winter months for Agricultural School Students. Please phone or write to the School of Agriculture, stating nature of accommodation, class of students desired, and rates.

SOUTHERN DIVISION A. M. A.

Dudley J. L. Wright, Secretary of the Southern Division of the A.M.A. and Mr. Little of Lethbridge were in Raymond on Friday last on business in connection with the Association and soliciting members for the remainder of the year.

For several years the South Division has done very little, but with the recent organization and election of directors representing all the towns of Southern Alberta and membership that is steadily increasing a bright future is ahead of the A.M.A.

The road from Lethbridge to Cardston has been complete and detailed information to the motorist. Mr. Wright obtained the necessary information from Mr. L. D. King, our representative on the board of directors and the roads will be logged throughout the district and any danger points marked.

This is only one phase of the A.M.A.'s work. Through the districts, bad roads, bridges etc., are brought to the attention of the executive and then they get in touch with Municipalities or the Provincial Government and use their influence to get these things remedied.

Always working for better roads and more roads for the population, is the work of the A. M. A., and through their efforts combined with petitions throughout the South a gravelled highway is promised from Lethbridge to Cardston before very long.

With such worthy aims everyone should lend their aid to the A. M. A. because we all appreciate good roads.

CROP REPORT

(Issued by the Bank of Montreal) is well below the average.

MARITIME PROVINCES
An average crop of oats has been satisfactorily garnered. Recent rains have improved grass pastures which are now fair to good. Potato digging is under way, the yield per acre promises to be average and of good quality. Apples have grown and coloured satisfactorily; a crop of clean, good sized fruit in excess of 2,000,000 barrels is now expected.

PROVINCE OF BRITISH COLUMBIA
Potatoes are of good quality with a satisfactory yield. Frost has ended the tomato season. Apples are yielding 85 p.c. of average and a large percentage is of high grade. Threshing is completed and returns from most districts show good average yields of high grade. Pastureage has benefited from recent rains and sufficient fall feed will be available.
